An individual in a covered position may be paid wholly from federal share, wholly from matching dollars, or from a mixture of federal and non-federal funds. The source of the funds has no impact on the status of the position as covered or not covered.

**Episodic access** is access that is not a regular, scheduled, and anticipated component of an individual’s position.

Components: NSOPW + [State(s) or FBI]
Anyone who refuses to undergo the Check is ineligible.

Anyone who makes a false statement in connection with a program’s inquiry concerning their individual’s criminal history is ineligible.

Anyone listed, or required to be listed, on a sex offender registry is ineligible. (November 23, 2007)

Anyone convicted of murder as defined and described in 18 U.S.C. § 1111 is ineligible.* (October 1, 2009)

*Although murder became an ineligibility offense in 2009, no one with this conviction can work present day even if they were hired prior to the effective date of the statute.
NATIONAL SEX OFFENDER PUBLIC WEBSITE (NSOPW)

**WHAT**
The requirement to conduct the nationwide US Department of Justice National Sex Offender Public Website Check (NSOPW) ([www.NSOPW.gov](http://www.NSOPW.gov)) became effective with the November 23, 2007 regulations.

**WHEN**
This must be completed (conducted, cleared, documented with dated printout) **BEFORE** the start of service. Individuals in covered positions cannot begin counting hours until this check is cleared.

**HOW**
This is a name based check. This is public information. No fees are charged. Results of a nationwide NSOPW check is a dated screen print of the results of the search. You are required to perform the NSOPW check until all State registries are cleared. The result will indicate whether or not any individual State systems were inoperable during that search. If the check was less than complete, you must re-check the NSOPW to rule out the possibility that the applicant may be registered in the State(s) system(s) that was not connected to the NSOPW system when you performed the first check. You may supplement the first NSOPW check by checking the State registr(ies) that are down. You must document the adjudication and resolve all hits before the start of work or service. That result should be annotated to document who confirmed that any hits are not the same persons as the candidate you are checking. Individuals cannot begin serving under the grant until this check is completed.

**NOTE**
- You will need a government issued photo ID when adjudicating hits on a name.
- The fields to enter are Last name then First name. Make sure to enter them correctly.
- Do not limit the search by doing the Advanced search. Do not enter a zip code, state or other limiting criteria.
- NSOPW single-state checks are not compliant checks.

---

All those who are currently serving and joined a national service program prior to October 2009 regulations have to self certify by January 1, 2013 that they were never convicted of murder.

Anyone found to registered or required to be registered on a sex offender registry or convicted of murder must be or murder offense must be removed from the grant immediately.

Anyone who changes positions after January 1st 2013 regardless of when they started work or service or what check they received must update their criminal history check according to the covered position in which they will be serving.

Anyone who started a consecutive term of service before January 1, 2013 may complete their term of service without supplementing their check if their first term of service began before April 21, 2011.
The National Service Criminal History Check requirements for individuals who have recurring access to vulnerable populations should be applied based on the individual providing service to vulnerable populations, not providing service with vulnerable populations. Grantees must make a reasoned and factually informed decision about whether an individual in a covered position is providing service to a vulnerable population. An individual in a covered position does not need the check under 45 C.F.R. § 2540.203(b) if the recurring access to a vulnerable population is limited to individuals who are, themselves, serving in covered positions.

For the purposes of national service criminal history checks, the break in service period has increased from 30 to 120 days. There is no break in service if the person comes back for a consecutive term within 120 days.

- Document accompaniment while checks are pending and the individual has access to vulnerable populations.

- If prohibited by state law, attach a copy of the statute or prohibition along with a legal analysis from either the Attorney General or legal counsel. Please submit where applicable a rejection letter from the CNCS designated repository.
- Perform accompaniment for those with recurring access to vulnerable populations while ASP decision is pending.
