Volunteer Florida Proposal  
Rural Community Assets Fund

Background
Volunteer Florida is the Governor’s lead agency for volunteerism and national service in Florida, administering more than $31.7 million in federal, state, and local funding to deliver high-impact national service and volunteer programs in Florida. Volunteer Florida promotes and encourages volunteerism to meet critical needs across the state. Volunteer Florida also serves as Florida’s lead agency for volunteers and donations before, during, and after disasters. For more information, visit: www.volunteerflorida.org.

Contract/Grant Period
The Rural Community Assets Fund (RCAF) application is due to Volunteer Florida on Wednesday, November 30, 2016 at 5:00 p.m. EST via the outlined application process. The contract period is six months, beginning January 1, 2017 and ending June 30, 2017. Volunteer Florida reserves the right to allocate funds based on internal programmatic and fiscal review and funding availability.

Grant Overview
Florida’s rural communities are uniquely resilient, but also battle lack of access to quality education, transportation, and job opportunities. Household income lags behind metropolitan areas, and poverty rates are significantly higher:

- According to the U.S. Department of Agriculture’s Economic Research Service (ERS), the average per-capita income for Florida residents in 2013 was $41,497. Per-capital income in rural counties was $30,844.1
- Estimates from 2013 indicate a poverty rate of 16.8% in urban areas of the state, compared with 24.3% for rural areas.2
- The USDA’s report notes 13.6% of the population in urban areas have not completed high school. In rural areas, that number is a staggering 22.3%.3

Federal, state and local governments, as well as the private and nonprofit sectors continue to develop strategies to strengthen these communities.

Floridians can capitalize on an additional, effective solution: Leveraging existing human capital to meet essential local needs through volunteering.

**Volunteer Florida's Rural Community Assets Fund will allow grantees to recruit, equip and mobilize volunteers in eligible rural areas across the state to address the acute educational needs of underserved children and youth.**

Volunteer Florida will distribute up to $100,000 to a maximum of ten grantees, each receiving $10,000 in grant funding and training support for their participation in the FY2016-2017 Rural Community Assets Fund program. Grantees must provide a 25% cash or in-kind match.

Grantees will receive comprehensive training, funding for program enhancements and ongoing technical assistance, and coaching to establish or strengthen volunteer programs.

**Eligibility**
Applicants may be public or private nonprofit organizations, including faith-based and other community organizations; institutions of higher education; government entities (e.g., states, cities, counties); labor organizations; partnerships and consortia; or Indian Tribes. Applicants must have experience meeting educational needs in eligible rural areas for underserved children or youth in at least one level of the K-12 education system. More specifically, applicants must have a service location in, have staff deployed to or volunteers deployed to an eligible rural area. RCAF funding must only be used to support services for underserved children and youth residing in eligible rural areas.

It is not necessary that the organization as a whole provide educational programming exclusively. The organization need not serve students at all levels of the K-12 education system. For example, an organization might only serve third-grade students, only students in high school, etc. Organizations may provide educational programming to students who have left school, if the intent is to move students toward high school graduation, readiness for postsecondary education without remediation, or on-time postsecondary graduation.

Volunteer Florida will encourage geographic diversity by actively seeking proposals from all three Rural Areas of Opportunity, as defined by Florida Statute and used by the Department of Economic Opportunity. See Appendix A for eligible counties and municipalities: [http://www.volunteerflorida.org/grants](http://www.volunteerflorida.org/grants).
Volunteer Management Practices
Successful applicants will effectively engage and track volunteers and increase organizational volunteer management practices. Applicants must develop practices in at least two of eight areas or functions for effectively managing volunteers as defined in the report “Volunteering Reinvented: Human Capital Solutions for the Nonprofit Sector.”
