

DONATIONS OF PROFESSIONAL ATTIRE AND ACCESSORIES: ORGANIZATIONS IN FLORIDA

This list includes organizations that support professional attire for individuals in need. Some may not accept items at all times due to limited storage. This list is not comprehensive and these are not official Suits for Session recipients. Please vet organizations before donating. We also recommend an internet search using phrases such as “professional clothing donations.” This list is for informational purposes only and *does not* serve as an endorsement of the organization or its activities by Volunteer Florida.

Many nonprofit thrift stores will accept professional attire. The logistics of that efforts is significant, and they have the capacity to collect, sort, and store donations. They provide jobs and reasonably-priced items to their communities. They may also have relationships with service organizations that refer clients to select items at no or low-cost, ensuring job-seekers in need have access to professional attire. We encourage you to research additional avenues in your communities beyond the suggestions below.
